Datepicker: Closed

You've been asked to design a datepicker widget for a desktop site.

Describe the experience that a screen-reader user should have as he or she encounters the control in its closed state.

Workshop Date

02-27-2017

FEBRUARY 2017						
S	M	T	W	T	F	S
29	30	31	1	2	3	4
5	6	7	8	9	10	11
12	13	14	15	16	17	18
19	20	21	22	23	24	25
26	27	28	1	2	3	4
5	6	7	8	9	10	11

Datepicker: Open

The user has triggered the datepicker icon and the datepicker widget is open.

What should happen to focus when the widget is first opened?

How should the widget respond to key presses?

What type of information should a screen reader convey to the user?
